

HARVARD

TENTH ANNIVERSARY
GLOBAL ENVIRONMENTAL CITIZEN AWARD
HIS ROYAL HIGHNESS THE PRINCE OF WALES

Brigit True Organics (BTO) is thrilled to announce that we were invited to participate in the January 2007 Harvard Medical School's Global Environmental Citizen Award ceremony hosted by Meryl Streep and Al Gore. Prince Charles was the recipient of this prestigious award. We provided a beautiful sample bag filled with our organic products as a gift to the 400 esteemed guests at this event.

We're greatly honored by Harvard's recognition of our shared goals and values, as well as their appreciation of the quality and care in every BTO product.
